

THE ENERGY BLUEPRINT OF YOUR HOME

The Map of Fulfillment + Mini Guide

LIVE IN VISION

WELCOME TO YOUR BAGUA MAP

The Bagua is an ancient spatial map reimagined for modern life: a guide to nine core zones where intelligence, insight, and integration converge. It offers a framework for understanding how to work with energy in each area of life, using intention to support alignment. When energy moves with clarity, life moves with purpose. This is how you *Live in Vision*. Your space holds the story of your energetic identity in motion.

How To Use It

There are two ways you can begin to use this map:

1. PRACTICAL LAYOUT: BTB SCHOOL OF FENG SHUI METHOD:

To apply the map to your space, stand at your front door facing in. Imagine the Bagua as a grid laid over your entire home, with the bottom row (Knowledge, Career, Helpful People) aligned with the front door wall. Each square represents a life zone connected to the energy of that physical area.

Breathe. Ask yourself: "Which area of my life wants support right now?"

Whether you explore the Bagua through intuition or layout or both — trust that your awareness is the first step to creating change. The more you engage with it, the more your space becomes a mirror for transformation.

2. INTUITIVE APPROACH:

Look over the map and notice which area calls to you. Which part of your life feels like it needs more support, clarity, or change? Start there.

3. EXPLORE THAT ZONE BELOW AND LET YOUR INTUITION GUIDE YOU.

Ritual for Connection

- Light a candle, hold a crystal, light some incense, or just hold it in your mind and heart.
- Stand in the center of your space.
- Ask: "Show me where my energy wants to shift."

Anchor Mantra

- "My home mirrors my life. Every area supports the growth I am ready to receive."
